Secretary

Congratulations on successfully completing the Florida Stormwater Erosion and Sedimentation Control Inspector Training Program. We greatly appreciate your participation in and successful completion of this course. We hope that it has helped you to better understand Florida's stormwater problems and the importance of proper design, construction, and maintenance of erosion and sediment controls during construction, in order to assure the proper long-term operation and maintenance of stormwater systems after construction is completed.

Attached you will find your numbered certificate and wallet card. Please let us know if there are any errors in the certificate or card, or in the grading of your exam. You can contact us at admin@fsesci.com, or at the Training Program's website: www.FSesci.com.
